## ABOUT VANDA INTERNATIONAL SCIENCE COMPETITION

Vanda is an International Science Competition held annually around the globe. It focuses on the student's ability to think critically and creatively to pick out hidden information to aid them in solving the question.

Vanda is for students from primary 3 to secondary 4 (Grade 3 to Grade 11). It follows closely with the Singapore School Science Syllabus and tests students based on their level of content that they have learned. This allows participants to do better compared to pure-Olympiad papers since they are familiar with some of the questions.

**Vanda will be held online in 2021.**

Competition Date **30.05.2021**

Registration Closing Date : **15.05.2021**
